

RC 5

RIGID AND COATED WEATHERPROOF LOUDSPEAKER

RC 5 is a weather-resistant outdoor loudspeaker with a durable, rigid enclosure and IP55-rated weather-proof coating, suitable for demanding environments such as stadiums, parking lots, pools, and outdoor public venues, as well as indoor spaces. It features an 5"/1" coaxial speaker capable of delivering high sound pressure levels with wide horizontal and vertical dispersion. The unit includes an internal 70V/100V transformer and a passive crossover, making it ideal for public address and music applications in all-weather conditions.
