

ATH-E70

in-ear monitor headphones

The **ATH-E70** is the flagship in-ear monitor model in the new Audio-Technica in-ear monitor headphone series. Its accuracy and detail allow precise balancing of the mix, making it the perfect choice for monitoring on stage and ENG mixing in the studio. Offering high-resolution audio and an accurate sound stage, this model is designed for sound professionals who demand the best.

- Three balanced armature drivers provide accurate and extended response across the entire frequency range
- Flexible memory cable loops over ears for a custom fit and long-wearing comfort
- Specially designed housing provides maximum isolation, allowing you to focus on the music
- Detachable cable offers exceptional durability and optimized audio performance
- Includes a carrying case, silicone eartips and Comply™ foam eartips.
